[Hazel Health \(Virtual Clinic\)](#)

As we welcome students back to the start of school, we want to inform you that an extended health service is available for your child. As a result of the COVID-19 pandemic your child has access to Hazel Health, and on-demand, virtual medical visit from the comfort of your own home.

A signed consent form is required to access this service. You can access that form or contact a doctor directly here: my.hazel.co/ceres.

We trust that this service will provide our CUSD students with safe, convenient access to quality medical support while schools and district health offices are closed.
